MISSISSIPPI RIVER

Interstate Improvement and Levee Association Concluded Its Session at New Orleans.

SERIES OF RESOLUTIONS ADOPTED.

Favors Government Jurisdiction of Levees and Appropriations For Their Speedy Construction.

Protection of the Mississippi Valley From Floods Is of National Importance and the Government Should Undertake It.

New Orleans, Oct. 29.—The Interstate Mississippi River Improvement and Levee association concluded its session Wednesday night after adopting a series of resolutions in favor of government jurisdiction of levees and adequate appropriation for their speedy construction if government control is not advisable, and indorsing the proposed waterway from the great lakes to the gulf and the Chicago sanitary canal as a part of that project.

At the opening of the afternoon session the report of the committee on resolutions was presented as follows:

"Resolved, That in the judgment of this convention the protection of the Mississippi valley from floods is of such national importance as not only to justify but to make it the duty of the general government to undertake it and press it to the speediest possible completion. If for any reason the exercise of sole jurisdiction at this time by the general government should not be deemed advisable, then this convention urges most earnestly that congress make at its approaching session such appropriations as are recommended by the Mississippi river commission in its recent report.

"Resolved, further, That the system of river improvements in the valley of the Mississippi from its headwaters to the gulf and in the valley of the Ohio and other tributaries now provided for and those which may hereafter be provided for by congress under the supervision of the United States engineers, moves our hearty commendation and should be pressed to completion without unnecessary delay.

"Resolved, That the attention of congress is invited to the serious disasters which have befallen those residing at or near St. Louis, Kansas City and other localities by reason of the recent great floods and the secretary of war is respectfully requested to cause an inquiry to be made with a view to the preparation of suitable plans for the prevention of a re-occurrence of such injuries:

"Be it resolved, That the convention of delegates representing the states of the great Mississippi valley from Duluth to the Gulf of Mexico, gives its unqualified approval to the movement for the construction of a waterway connecting the great lakes at the north with the Mississippi river and the Gulf of Mexico at the south.

"We recognize the expenditure of \$35,000,000 by the sanitary district of Chicago as a practical demonstration, in the furtherance of this project. We express the hope that the senators and representatives in congress of the various states represented in this convention will give their encouragement and assistance to congressional legislation in favor of the completion of the deep water way to which the Mississippi valley states have already given their approval and to which the state of Illinois and the sanitary district of Chicago are committed as a matter of policy and by great financial expenditures already made."

The resolutions were received with applause and were unanimously adopted. A committee was appointed to memorialize congress with the resolution adopted.

Letters and telegrams were read from governors, senators, congressmen, railroad presidents and others expressing sympathy with the movement.

Total Amount of Bonds Refunded.

Washington, Oct. 29.—The total amount of the 3 and 4 per cent. bonds offered for refunding to date is \$7,665,700, \$80,000 being offered Wednesday. The amount of 5 per cent. bonds redeemed to date is \$9,116,900.

Public Lands Withdrawn.

Washington, Oct. 29.—The commissioner of the general land office directed the withdrawal from entry of 92,000 acres of public land in the Seattle, Wash., land district to be included in the Olympia forest reserve.

Thanksgiving Day Proclamation.

Washington, Oct. 29.—President Roosevelt will issue his Thanksgiving day proclamation on Saturday next, October 31. He will designate Thursday, November 26, as the day of thanksgiving.

MOTHER AND CHILD PERISH.

The Baby's Clothing Took Fire From An Open Grate.

Vanceburg, Ky., Oct. 29.—Two persons are dead and several badly burned as the result of an accident to a child.

At Quincy, near here, the infant daughter of Mr. and Mrs. Floyd Anderson crept too near an open grate. Her clothing caught fire. The mother sprang to the rescue. Both she and the child were so badly burned they died three hours later.

Neighbors, seeing mother and child in flames, rushed in and saved the victims from cremation. Several of the rescuers were badly burned.

SEPARATE COACH LAW.

A Colored Man Will Sue the Chesapeake & Ohio Railroad Co.

Lexington, Ky., Oct. 29.—J. Alexander Chiles, a prominent colored lawyer of this city, who was made to comply with the separate coach law while a passenger on the Chesapeake & Ohio road through Virginia several months ago, has gone to Clifton Forge, where he will institute suit against the road for damages. Chiles occupied a seat in the white compartment Tuesday night, saying that he was determined the railroad company should accord him the privilege of a first-class passenger.

WAYLAIED AND ROBBED.

A Winchester Man Attacked in the Red Light District, Lexington.

Lexington, Ky., Oct. 29.—J. P. Sharkey, of Winchester, was waylaid in the red light district Wednesday morning and robbed of a \$100 bill and other smaller change. He had no watch on him when found and was in too dazed a condition to give an account of himself. He had two gashes in his head. He was taken to the hospital. His name was learned from checks found in his pockets. He had driven to this city in a buggy.

Virtually a Victory For Hunter.

Louisville, Ky., Oct. 29.—By a vote of 8 to 5 the republican state central committee Wednesday night held that the affidavit of J. Sherman Cooper, chairman of the republican committee of the Eleventh district, declaring D. C. Edwards the regular nominee of the party in that district, is null and void, and that Cooper is not the governing authority of the party in that district.

Fatally Beat His Assailant.

Sergeant, Ky., Oct. 29.—Mander Polley, 28, of Knott county, while intoxicated, approached John D. Fugate, 34, in a store at Ola, near here, and opened fire at close range. Fugate was unarmed. Polley fired four shots in succession, when Fugate wrested the revolver from his hand and struck Polley three times across the forehead with it, inflicting fatal wounds.

Prohibited in Kentucky.

Frankfort, Ky., Oct. 29.—The marriage of J. M. Saffell in Cincinnati last week to his daughter-in-law has caused a dissolution of the grocery firm of Saffell & Son, the son buying the father's share, he having made a give-or-take proposition. The Kentucky statutes prohibit the marriage of a man to his son's widow.

Traction Line in Operation.

Covington, Ky., Oct. 29.—The new Erlanger traction line was opened Thursday morning. There will be but one car, which will make the round trip in one hour. The car will not cross to Cincinnati. The distance will be to the St. Mary's cemetery and return to Court avenue.

She Married a Kentuckian.

Marshall, Mo., Oct. 29.—Miss Essie Conway and Ernest Frye were married in this city Wednesday night by Elder W. H. L. Wharton, of the Christian church. Miss Conway is the daughter of Mr. and Mrs. T. J. Conway and the groom is a prominent planter of Cynthia, Ky.

May Lose the Sight of His Eye.

Lexington, Ky., Oct. 29.—Through a spark which flew from the head of a match which C. C. Stewart, traveling passenger agent of the Cincinnati Southern railway, was in the act of striking, he is now in serious danger of losing the sight of his left eye.

Mr Madden at Louisville.

Louisville, Ky., Oct. 29.—John E. Madden arrived here Wednesday night from New York to inspect his horses which are being trained at Churchill Downs. He reports a remarkable turf season in the east, running over \$50,000 in stakes and purses.

Nine-Hour Work Day Established.

Detroit, Mich., Oct. 29.—At a meeting of the National Union of Shipwrights, Joiners and Carpenters of America, held here Wednesday, a nine-hour work day was established. It was also voted to do away with all Sunday labor.

A SOCIAL REVOLT.

The Trouble at Bilbao Believed to Have Been Long Planned by Anarchists.

CAVALRY CHARGED THE RIOTERS.

Five of Them Were Killed and Many Wounded, as Were Some of the Cavalrymen.

Troops Carried the Barricades at the Point of the Bayonet, the Strikers Defending Them With Stones and Firearms.

Madrid, Oct. 29.—Gen. Velasco, the military commandant at Bilbao, telegraphs the government that at day-break Wednesday morning the garrison occupied all strategic positions with the view of protecting the banks, public buildings, factories and markets and especially the Jesuit and other religious houses, which the rioters seem determined to attack.

Gen. Velasco reports that the cavalry repeatedly charged the rioters in the old part of the city. Some of the rioters were killed and many wounded. Revolvers and stones and other missiles, Gen. Velasco adds, were used by the rioters in their struggle with the soldiers.

A number of miners came in Wednesday and joined the strikers.

The military forces are considered sufficient to check incendiaries and attacks on property, but both the garrison and police are kept constantly on the alert to prevent fresh outrages.

The government has received numerous offers of assistance from local organizations and leading citizens and even the socialist leaders are offering to advise the rioters to refrain from violence. The government has replied to Gen. Velasco approving his energy and offering reinforcements. Several thousand men are held in readiness in Madrid and other towns.

It is believed here that the movement is assuming the proportions of a social revolution, long planned by socialists and anarchists, as was done in Barcelona two years ago. Premier Villaverde has determined to establish order at any cost.

Newspaper reports of the disorder in Bilbao represent the strikers as having established a reign of terror. Wednesday morning they attacked and pillaged market stalls and shops and gorged themselves with food and drink. After destroying what they were unable to consume they proceeded to erect barricades in the streets. As there were only 5,000 troops in Bilbao reinforcements were urgently summoned. The infantry charged a number of the barricades; the strikers defended them with reckless courage and desperate fighting ensued.

Five rioters were killed and many were wounded. It is rumored that many soldiers were wounded by revolver shots. As the barricades were captured they were destroyed and the rioters were expelled from the main streets by the cavalry who charged with drawn sabers.

According to the latest accounts received here the rioters have again started to pillage shops and are endeavoring to raise new barricades. Some fears are entertained that the rioters will unite in force and attack the troops before reinforcements will arrive. The strength of the soldiers is being weakened by constant alarms and the necessity which the fury of the mob seems to be equally divided.

All work in Bilbao is at a standstill and the government has prohibited telephonic communication with the city.

In the chamber Wednesday Premier Villaverde confirmed the report that in Bilbao troops had carried the barricades at the point of the bayonet, and that the rioters had defended them fiercely with stones and firearms.

TURKS AND BULGARIANS FIGHT.

Further Conflicts Are Reported, Several Being Killed.

Vienna, Oct. 29.—Turkey has suspended the demobilization of troops in Macedonia, according to an official report from Constantinople. This is supposed to be on account of opposition of the porte to the Austro-Russian plan of reforms.

Further conflicts are reported between Turks and Bulgarians, several being killed in the Kastoria district.

Gas Struck in Wyoming.

Douglas, Wyo., Oct. 29.—A gas discovery in the Brenning basin, 11 miles west of this city, has caused excitement here and crowds have gone to the scene. The flow was struck at a depth of 475 feet and was so great that it forced the heavy drill out of the well and threw gravel and dirt over the top of the derrick.

CANADA AND GREAT BRITAIN.

Existing Relations Between Them Can Not Exist Much Longer.

Halifax, N. S., Oct. 29.—The declaration that the existing relations between Canada and Great Britain can not exist much longer was made Wednesday by the Halifax Chronicle, the leading newspaper supporter in the maritime provinces of the liberay party. In the course of an unusually outspoken editorial on the recent Alaska boundary award, the Chronicle expresses what it claims to be unanimous dissatisfaction of Canadians at the action of the British government in the matter. The paper says:

"This Alaska episode has made it clear that out existing relations to the empire can not be continued much longer. We are even at the parting ways. Our subordinate position has been so clearly and so humilatingly revealed that it must speedily become utterly unendurable."

The Chronicle adds that there are now only two courses open for Canada—complete legislative independence within the empire, acknowledging the sovereignty of the king of England alone, or the status of an independent nation. The paper says there is much to commend the latter step in particular because it would free Canada from the danger of being ever embroiled with the United States on account of its European connection and at the same time would secure for the dominion the benefit of the protection of the Monroe doctrine.

PASSENGER TRAIN WRECKED.

Mrs. Booth-Tucker Is Among the Seriously Injured—Reported Dead.

Kansas City, Mo., Oct. 29.—A Santa Fe passenger train which left here at 6 o'clock Wednesday night was wrecked at Dean Lake, half way between Bosworth and Marceline, Mo. Sixty-seven persons were injured, four seriously.

A special from Dean Lake, Mo., says that Mrs. Booth-Tucker was fatally injured in the Santa Fe wreck and died half an hour later.

Topeka, Kan., Oct. 29.—At 3:30 Thursday morning General Manager Mudge, of the Santa Fe, said that Mrs. Booth-Tucker was among those seriously injured in the Santa Fe wreck at Marceline.

"From the information we have at this hour," said Mr. Mudge, "I think it improbable that Mrs. Booth-Tucker is dead. I have just had our chief operator investigate and can obtain nothing more than that Mrs. Tucker was among the injured. I believe I may say she is fatally hurt. Our report from there says Mrs. Booth-Tucker was more seriously injured than any other in the wreck."

TWELVE STICKS OF DYNAMITE.

The Explosive Was Found in a Railway Station at Seattle, Wash.

Seattle, Wash., Oct. 29.—Twelve sticks of dynamite done up in two packages with fuses attached all ready to light were found concealed in the toilet room of the Interurban depot in this city Wednesday afternoon. There was enough of the explosive to have blown up all the buildings within a radius of two blocks and to damage property for a distance of ten blocks from the depot. The discovery was made by a laborer named Wilson who saw the package behind the washstand.

THE DISTRICT OF COLUMBIA.

The Estimates of Congressional Appropriations Needed.

Washington, Oct. 29.—The estimates of congressional appropriations needed for the District of Columbia government for the fiscal year, beginning July 1, 1904, aggregate \$12,885,825, a reduction of \$1,111,957 from the estimates submitted to the District commissioners by the subordinate officials. The total appropriation made for the present fiscal year was \$8,452,886.

Precipitated Over a Bluff.

Bristol, Tenn., Oct. 29.—While driving along the top of a mountain near Butler, Johnson county, Carl Fletcher and Edward Weatherby were precipitated over a bluff, falling 40 feet. Weatherby was instantly killed, while Fletcher is not expected to live. Both men are prominent farmers.

To Reduce the Expenses.

Susquehanna, Pa., Oct. 29.—To reduce the expenses the Erie Railroad Co. has discharged 10 per cent. of the working force in its various shops on the system. One hundred and twenty-three men were discharged in the locomotive shops here.

A Noted Outlaw Captured.

Lexington, Ky., Oct. 29.—Morgan T. Reynolds, captain of the noted kuklux band of outlaws, for whose capture a reward of \$5,000 has been offered, was captured Wednesday by detectives in the Kentucky mountains.

BLAZE IN PADUCAH

The Wholesale Grocery Store of M. Livingston at Second and Broadway Was Gutted.

WHOLESALE DISTRICT IN DANGER.

The Flames Communicated to Several Other Large Business Concerns in the Immediate Vicinity.

At 2 O'Clock Thursday Morning the Conflagration Was Under Control —The Total Loss Is About a Quarter Million Dollars.

Paducah, Ky., Oct. 29.—Fire which started at 11 o'clock Wednesday night in the wholesale grocery store of M. Livingston, at Second and Broadway, spread rapidly until at 12:30 o'clock it threatened the entire district. The loss already inflicted was estimated at \$200,000 and it may reach much more before the flames are gotten under control, as a number of other large establishments adjoin those now burning and there seems little prospect of the firemen being able to save them.

From the establishment of Livingston & Son the flames spread successively to the H. Well & Son wholesale whisky house, the Lagomarsino hotel, Michael Bros., wholesale saddlery; Lang Bros., drug store, and then the Western Union telegraph office. The operators at the telegraph offices will be driven out in a minute or two more. The guests at the Lagomarsino hotel are all safe so far as known, although they barely had time to don their clothes and get out.

At 2 o'clock a lucky shift in the wind, coupled with desperate work by the fire department, resulted in the flames being brought under control. The total loss is now estimated at \$250,000, divided as follows: M. Livingston & Son, \$75,000; H. Well & Son, \$60,000; Michael & Bros., \$75,000; Lang Bros., \$6,000; R. G. Terrell, \$8,000; Lagomarsino hotel, \$10,000.

The shift in the wind resulted in saving a part of the Lagomarsino hotel. The losses are partially covered by insurance.

TO QUARANTINE ALLEGHENY.

The City Officials Will Order the Quarantine Officer's Arrest.

Pittsburg, Pa., Oct. 29.—At 1 o'clock Thursday morning a telegram was received by the Allegheny city officials from Dr. Wilmer R. Batt, quarantine officer at large of the Pennsylvania state board of health, announcing that at a conference in Washington, D. C., between Batt and Dr. Benj. Lee, secretary of the state board of health, it was decided to quarantine Allegheny. The telegram states that Dr. Batt and other state officials will arrive about noon Thursday and the quarantine will immediately be established. City Solicitor S. G. Porter, of Allegheny City, stated Thursday morning that if Dr. Batt or any other state officer tries to quarantine the city he will immediately order their arrest. A sworn statement by Director Thomas Scandrett, director of public safety of Allegheny, alleges that the quarantine is the result of the city of Allegheny declining to order a fumigator manufactured by a concern in which a state board of health official is interested. Two-thirds of the residents of Allegheny, which has a population of 160,000, have business interests or are employed in Pittsburg.

THE "ELECTRIC MULE."

A Test of the New System Made in the Presence of Gov. Odell.

Schenectady, N. Y., Oct. 29.—A test of a new electric system of canal towing, commonly known as the "electric mule," was made on the Erie canal here Wednesday in the presence of Gov. Odell and a number of the officials of the state public works department on the towpath of the canal opposite the general electric works. Four boats, each loaded with 350 tons of sand, were used for the test. First two boats were started from each end of the track to demonstrate the speed with this load and the ease with which the boats and mules pass. One, two, three and four boats were drawn against the current. The electric motor took the four boats for the distance at a speed of five miles an hour. The average speed with horses or mules is one and one-half miles an hour and about two miles an hour with steam.

To Protect American Interests.

Washington, Oct. 29.—It is probable that the navy department will order the Nashville, which is now coaling at Kingston, to Santo Domingo, on account of the revolution in progress there, for the purpose of protecting American interests.

Don't indorse assassination by voting for its forcers.

A vote for the Republican ticket next Tuesday will mean indorsement of assassination.
A vote cast for the Republican ticket will stand for indorsement of deceit, duplicity, subterfuge, hypocrisy and assassination.

A vote cast for the Republican ticket next Tuesday will mean an indorsement of Taylor, Powers, Howard and Youtsey, the gang that is responsible for William Goebel's assassination.

SOME FIGURES.

Statistics That Make Strong Argument For Democratic Rule.

Col. Bennett H. Young's Forceful Speech That Should be Read by Every Voter.

[Extract From Speech by Col. Bennett H. Young, at Leitchfield.]

You have heard much of what Col. Belknap says about what glorious results would come if Kentucky was only Republicanized. The Auditor's reports just issued give us some idea of what this would mean if literally brought about.

Of the net revenue coming into the State Treasury \$1,301,207.82 comes from Democratic counties, and only \$82,076.69 from Republican counties. There are only two Republican counties in Kentucky that pay their way. These are Christian, with \$8,711.82 net revenue, and Campbell with \$73,364.77. This shows that out of every thousand dollars that goes into the State Treasury \$932.80 is paid by Democratic counties and only \$67.20 paid by Republican counties.

Suppose we Republicanize the State, if such thing were possible, and where would the revenues come from to run the government?

Is it a wise thing for the white men of Kentucky, who control the counties that pay 93.28 per cent. of the expenses of the State government to turn over that government to those who in the financial output only produce 6.72 per cent. of what the State demands for its necessary outlay? Can even so great a financier as Colonel Belknap figure this out to the satisfaction of those who bear the burdens of taxation?

An investigation shows that to punish crime and deter lawbreakers Kentucky expends about \$750,000 each year. Of this the Democratic counties pay in round numbers \$700,000 and Republican counties \$50,000. Of the men convicted of crime in Kentucky eighty-three out of every 100 are Republicans or affiliate with the Republican party.

For every Republican voter in the State there is paid out by the Commonwealth each year \$3.11 to maintain law and punish crime, and for every Democratic voter the State only pays out 63 cents to maintain law and punish crime. Assuming that this were changed so if every person in the State was to violate law in the same proportion that Republicans do, the expenditures in the State to punish crime would reach the enormous sum \$1,300,000. Is this a condition to be desired by the men who hold property in Kentucky?

The Democratic counties out of \$587,000 taxables have \$487,000, leaving as the wealth represented by Republican counties only \$100,000.

With four-fifths of the wealth, pay 93 per cent. of the net taxes, and with only 17 per cent. of the criminals, shall the people of Kentucky, to Republicanize the State and to improve its government, give to the party that represents one-fifth of the wealth and 83 per cent. of criminals charge of the State government?

Property is not always the highest test of citizenship, but as a general thing those who have, especially in an agricultural State like ours, will give the best government, and no man who has any high degree of statesmanship will say that a party with two-fifths of its voters negroes and a full share of its white voters Federal officeholders can give Kentucky a better government than the men who own so large a proportion of property, who are all free, intelligent white men and who represent as small a proportion of vice as any equal number of civilized people in the world.

It is not Kentucky Democrats who have brought discredit and shame on the State. The foulest and blackest spot on all the pages of its history was the result of Republicans refusing to abide by the law or to accept the

awards of tribunals ordained by the Constitution for the settlement of such questions.

I appeal to you to study these problems, and by your votes for Beckham and the Democratic State ticket declare that Kentucky will not now make any foolish political experiments, but stand by the Democratic party, which has always defended Kentucky's good name and demanded peace, law and order within its bounds.

Chas. H. Yale's "Everlasting Devil's Auction" which has for twenty-one years held the confidence of the theatre-going public to the extent of annually resurrounding the "Standing Room Only" sign, announces that the present season marks the twenty-second edition of this phenomenal spectacular play. It will appear at the opera house Wednesday, November 4. Seats on sale Monday morning at Ray's drug store.

A splendid rendition of the old and intensely dramatic story of Damon and Pythias was given at the opera house Tuesday night. Edwin S. McKim as Damon and Frank Hennig as Pythias were highly realistic in their portrayal of these characters. It is doubtful whether a better piece of acting has ever been seen on the local stage. Their principal support was good, Miss Calla as Calanthe and Miss Wardour as Hermione giving excellent renditions of their parts. The attendance was not near what the company and the play merited. The audience was composed largely of out-of-town people.

Vote "Yes."

Mr. Editor: No one that thoroughly understands the proposed amendment to the Constitution will vote against it. The danger of its defeat lies in the fact that few understand it and will naturally vote against it for that very reason.

It does not change existing laws as to State and county taxes, therefore citizens out of the cities cannot be injured. It does not change the tax in cities, so far as real estate is concerned, so our large and small landholders need not be alarmed. It does not enable our City Fathers to increase the amount of city tax or debt as now prescribed by the Constitution, so you need not fear an extravagant City Council.

What is its effect?
It simply empowers the Legislature to pass a uniform law permitting cities to tax all personal estate, tangible and intangible, according to the income derived from same, or by a system of license fees on franchises, trades, occupations and professions, instead of being confined, as under the present law, to the ad valorem system which permits vast amounts of property to escape taxation. It will enable us to have a flexible mode of taxation.

A system of taxation good for Mayslick might not be best for Maysville. The city of Louisville requires more latitude than the village of Germantown. The present system was conceived in 1892, and under it, by the proof in the recent case of the L. and N. Railway vs. the Commonwealth, decided in the United States Court, we have less property than in 1892.

The amendment adopts the system of taxation now in force in New York, in Pennsylvania in Illinois, and in all States that are alive. It is the system that enables the workmen of the cities of Massachusetts to have in the Saving Banks \$500,000,000, which is about \$100,000,000 more than the State of Kentucky is worth.

Under the amendment we can induce manufacturers to come to Maysville, because we can exempt them from city taxes so long as they will give employment to our own people and afford a market for our own products. It promises to give us a chance to regain life. We have been dead for ten years. In fact, no change in laws can hurt us, and any change gives hope of improvement.

If we do not like the change, we can go back to the old system and be dead again. In no event can a vote for this amendment injure any one. The best business men and statesmen advocate its adoption.

The Cloak and Suit Business Centers Here

Your Cloaks and suits are beautiful! Nothing like them anywhere. Such expressions of pleasure we hear daily. The fact is that if our sales keep up at the same rate till November we will have sold as many Cloaks and Suits by the first of November as we did the entire season last year, and last year was the largest season in the history of this store. SIX WEEKS SPENT IN NEW YORK with Cloak and Suit houses has proved a wise act. The styles here are correct. The prices are right—and right at the start—marked in plain figures so that you will be treated as well as your neighbor. THIS IS THE ONLY DRY GOODS HOUSE IN MAYSVILLE THAT IS NOT AFRAID TO MARK ITS PRICES IN PLAIN FIGURES. The wise shopper does at first what others do at last—comes to Merz Bros.

WEIMER-GUNN NUPTIALS.

First Presbyterian Church the Scene of a Beautiful Wedding Wednesday Afternoon.

At 2 o'clock Wednesday afternoon the marriage of Miss Emma D. Gunn to Mr. William Johnson Weimer was solemnized at the First Presbyterian Church, the pastor, Rev. Dr. John Barbour, officiating.

This house of worship, one of the handsomest in the city, presented a most attractive scene in its decorations of gold and green, branches of autumn leaves being tastefully displayed, with vines entwined here and there,—the artistic work of Miss Anna Bauer, a friend of the bride.

Relatives and friends of the couple thronged the auditorium.

Mrs. Dr. Barbour presided at the organ, and rendered some delightful selections as a prelude to the ceremony. Messrs. Harry Clarke, James Hefflin, Leon Squires and Arthur Beasley officiated as ushers. Preceded by two of the ushers and followed by the others, Mr. Weimer and Miss Gunn approached the altar to the strains of Lohengrin's wedding march. The ceremony closed with the pastor's benediction upon the union of the happy couple, and the bridal party left to the strains of Mendelssohn.

The bride is a daughter of the late J. D. Gunn, and is one of Maysville's lovely and most estimable young ladies. Her wedding dress was of light gray silk aeoline with white trimmings, with hat of white beaver. She carried bouquet of white chrysanthemums.

The couple left on the 3:25 train for Dayton, O., and after Saturday will be at home in Lexington, Ky. The groom is a traveling salesman for the National Cash Register Company.

Members of the Mason County branch of the Kentucky Tobacco Growers' Association are reminded of the meeting to be held at the court house, Maysville, tomorrow at 10:30 a. m.

All members of the First M. E. Church, South, are urged to be present at prayer meeting this evening. An important matter will be up for consideration. Come and give it your attention.

Jerry Bruce, the Aberdeen negro charged with killing Felix Grant in a railroad camp near Ripley, has surrendered to the authorities at Georgetown. He claims he shot Grant in self defense.

J. S. Wallingford, of Fleming, has sold to B. F. Clift twenty head of 1,600 pound cattle at 5c. Delivery Nov. 1st. This bunch of cattle is pronounced one of the best to go out of the county this year, says the Gazette.

TURN OUT TO-MORROW.

Give Kentucky's Brilliant Young Governor a Rousing Reception.

Democrats of Mason Are Urged to Make Beckham Day in Maysville a Notable One.

To-morrow will be Beckham Day in Maysville.

Kentucky's brilliant young Governor will be here in the afternoon, with other distinguished Democrats, among them Senator Blackburn and Senator McCreary. If the weather is suitable the speaking will be at the C. and O. depot, but if an out-door meeting can not be held, the opera house will be secured.

The speaking will begin at 1 p. m.

The largest crowd of the campaign in this section is anticipated. Let the Democrats of Mason and surrounding counties turn out and give Governor Beckham a rousing reception.

The Governor started out Wednesday on a special train on his triumphant tour of the State. Democrats of eight counties in the Pennyrile district gave the Governor and other speakers with him a greeting which was so warm and so earnest that those who witnessed the demonstration are more encouraged than ever over the prospects of a sweeping Democratic victory next Tuesday. At Madisonville the last meeting on Wednesday was held. A special says: "At least 3,000 persons were packed into the tabernacle and 2,000 more on the outside, all trying by main force to push their way into the building and officers had to keep back the crowd."

Let Maysville and Mason County Democrats turn out en masse to-morrow.

In the Governor's party on the special, in addition to Senators Blackburn and McCreary, are Col. Wm. P. Thorne, nominee for Lieutenant Governor, Congressman Ollie M. James, Lewis McQuown, Henry R. Prewitt, Henry B. Hines, Dr. W. A. Lackey, E. T. Lillard, John A. Baird, a representative of the Louisville Times; S. F. Cary, representative of the Cincinnati Enquirer, and John D. Wakefield, representative of the Courier-Journal.

Wyandotte's Indians to the number of over 100 go to Vanceburg this evening to help institute Kanawha Tribe No. 97. The famous Red Men's Band, headed by a fine-looking patrolman, will parade the principal streets. Red fire will be burned; a live billy-goat will prove an attractive feature. Corn and venison will be in evidence. Many neighboring tribes will be represented. R. R. fare \$1 20 round-trip, special rate.

To society are signed by her shoes. No fashionableness of costume will cover a neglect of footwear. But with the feet and hands properly encased, she cannot go far wrong. An Open Fireplace Has Charms

Which no one will question. The blazing wood, the crackling logs, carry us back to the way our ancestors spent their winter evenings. But the wide stone hearths and bare floors are no more. The carpet and comfortable rugs before the modern fireplace now are a source of danger as well as comfort. If you are fortunate enough to have a fireplace, get all the pleasure from it you can, but don't run the risk of a fire. If there are children, more is the reason why you should be careful.
